Assembly Instruction

SAFETY INFORMATION

A few important points before you start:

- Please read the instructions right through before you start, and check that all the components have been included in the pack; we find separating all the hardware into piles makes it easier to be sure that everything is present and correct.
- Make sure you have the right tools. Allen keys are provided if required, but screwdrivers and other tools are not. You will find details of the tools you need at the beginning of the instructions.
- It is a good idea to build the unit in the room where you are going to be using it, to avoid the need to move it after it has been assembled.
- Do not throw away any packing materials until assembly is complete, just in case you accidentally discard smaller parts or hardware.

Safety Warnings:

- Adult assembly required.
- Unassembled product contains small parts which may present a choking hazard.
- Children should be kept away from the product during assembly to avoid any possible risk of injury.
